

Governance Development Programme

A modular alternative to Governance Essentials offering the opportunity to learn throughout six sessions of up to three hours each.

This dynamic learning experience means you can reflect and apply your learnings in your board roles between sessions and come back to the next session with questions, discussion topics, and further real-life applications. The different perspectives and personal experiences shared by both the facilitators and other attendees take you well beyond the textbook into true experiential learning.

Content covered:

- Governance, legal and regulatory framework essentials
- Board charters, the role of the board, culture and ethics, board composition
- Board protocols, meetings and papers
- Board and management relationships and succession planning.

Invercargill:

Dates: 3 October 2017 - 4 April 2018

Duration: Six sessions, 4.00pm – 7.00pm

Who should attend?

In addition to being appropriate for aspiring and new directors and senior executives, the GDP is also suited to small and medium enterprises (SME) owners who wish to explore a governance function and professionals who advise clients on governance. The style of the GDP is particularly useful if you wish to establish local networks.

“The Governance Development Programme was excellent – with real life lessons and anecdotes shared by experienced, knowledgeable directors and a chance to create, and develop, our own networks at a regional level.”

Testimonial from a GDP attendee

Save 10% when you book three or more of the Essentials of Directorship courses. See our terms and conditions by visiting iod.org.nz for full details.

This course has qualified for the NZTE Capability Development Voucher Scheme, and is eligible for voucher redemption. For more information on the NZTE Capability Development Voucher Scheme, or to find your local Regional Business Partner, go to regionalbusinesspartners.co.nz

Once your voucher is issued, you should register it against an IoD course on the Regional Business Partner Network website regionalbusinesspartners.co.nz. The IoD will then email you a course registration form for you to complete and return (do not register online).
